WELCOME

It is with great pleasure that we welcome you to the Rothschild Fellowship community – a distinguished network of some 900 researchers who, over the past 46 years, have shaped Israeli academia and strengthened its global standing. This annual gathering offers a unique opportunity to connect with the broader community of Rothschild Fellows, including your 2025–26 cohort peers and Rothschild Fellowship alumni who have returned to Israel and are making significant contributions to the country's academic and scientific landscape.

The Rothschild Fellowship represents a vital investment in the future of Israeli research at a time when academia faces profound challenges, both at home and abroad. Budget constraints, shifting global dynamics and increasing barriers to international collaboration call for a new generation of scholars who are not only intellectually exceptional, but also resilient, adaptable and committed to fostering meaningful partnerships across borders.

Through its Academic Excellence Programme, Yad Hanadiv has long been dedicated to strengthening Israeli academia by supporting a diverse community of individuals across the sciences and the arts. Supporting world-class research in Israel remains a pillar of the Foundation's work – realized through fellowships, institutional grants and strategic partnerships that promote high-quality scholarly endeavours. We are equally dedicated to advancing diversity and inclusion in academia, ensuring that scholars from all backgrounds have the opportunity to contribute to – and benefit from – the pursuit of cutting-edge research.

We encourage you to connect with our alumni network, a community that offers opportunities for collaboration, mentorship and intellectual exchange. On the horizon, the Rothschild Fellows Colloquium in 2027 is expected to provide a valuable forum to reflect on academic careers in Israel, and to strengthen connections across disciplines and fellowship cycles.

With over four decades of experience, we are confident that your journey as a Rothschild Fellow will be both impactful and inspiring. It is a privilege to accompany you as you embark on this path, and we look forward to seeing your talent, curiosity and dedication shape the next chapter of academic excellence in Israel.

ROTHSCHILD FELLOWSHIP 2025–2026

A total of 32 Fellowships were awarded in 2025 in the following categories:

Natural, Exact and Life Sciences & Engineering (14)

Chair: Prof. Marcus Feldman

(Ecology, Stanford University)

Prof. Joanna Aizenberg

(Chemistry, Harvard University)

Prof. Yonit Hochberg

(Physics, The Hebrew University)

Prof. Ronit Satchi-Fainaro

(Physiology, Tel Aviv University)

Prof. Howard Stone

(Engineering, Princeton University)

Prof. Uzi Vishne

(Mathematics, Bar-Ilan University)

Prof. Michael Wooldridge

(Computer Science, University of Oxford)

Humanities and Social Sciences (6)

Chair: Prof. Anthony Grafton

(History, Princeton University)

Prof. Ran Abramitzky

(Economics, Stanford University)

Prof. Guy Bar-Oz

(Zooarchaeology, University of Haifa)

Prof. Niva Elkin-Koren

(Law and Technology, Tel Aviv University)

Prof. Ruth Fine

(Iberian Studies, The Hebrew University)

Prof. Adiel Schremer

(Jewish History, Bar-Ilan University)

Brain, Mind and Language (5)

Chair: Prof. Naama Friedmann

(Psycholinguistics, Tel Aviv University)

Prof. Marlene Behrmann

(Psychology, University of Pittsburgh)

Prof. Tal Eyal

(Psychology, Ben-Gurion University of the Negev)

Prof. Sachiko Kinoshita

(Psychology, Macquarie University)

Prof. Dr. Esther Ruigendijk

(Psycholinguistics, Carl von Ossietzky University of Oldenburg)

Prof. Daphna Shohamy

(Psychology, Columbia University)

Physician-Researchers (7)

Chair: Prof. Shai Izraeli

(Childhood Malignancies and Leukemia,
Schneider Children's Medical Centre)

Prof. Yehuda Chowers

(Gastroenterology, Cyto Reason Ltd.)

Prof. Talia Golan

(Gastrointestinal cancer, Sheba Medical Centre)

Prof. Michal Lotem

(Oncology, Immunotherapy, Hadassah Cancer Research Institute)

Prof. Khitam Muhsen

(Epidemiology and Preventive Medicine, Tel Aviv University)

Prof. Raul Mostoslavsky

(Cancer Genetics and Cell Biology, Harvard Medical School)
